"You have no idea how meaningful what you've done for me is. I've been to 2 different schools (traditional schools) and teachers there would NEVER in a million years have done what you have. Thank you!" — Jose

1: Rankings based on 120 alternative schools with unredacted pass rates in ELA and Math.
2: AzMERIT rankings provided and confirmed by the Center for Student Achievement.

"I really appreciate all the staff everyone has been wonderful, and from the beginning we felt very welcome. The communication is great, I felt very comfortable asking any questions that I had and always got the help that I needed. You are all amazing staff." — Lenor

"Thank you for providing me the schedule these past couple years to develop my interests, personal well-being, and relationship with education. My teachers at Higley pushed for me to join an online school as my lack of creative control was developing a worn and negative state over my head. I am indebted in Hope Online's generosity for providing this for me, the understanding and warmth that omits from the staff is groundbreaking to me! Thank you!"

"I overcame my mental battles and found worth in myself. I managed to graduate high school, while going to college, having a job, volunteering with Relay for Life and Miracle League of Arizona, and go to my church/Young Life organizations all within the same time frame." — Emily

"As a parent I have always been concerned about the level of contact that I have had from my daughter's teachers. At Hope High School online they are in constant contact regarding any important issues. My daughter also now can do her school work at her own pace and break up the monotony as she needs to. This has lead to a less stressful learning environment for all." — Jenalynn

Curriculum and Course Information

How Do Classes Work?

All HHSO classes are done completely online via our online learning platform, Edgenuity. Each class has certified teachers that students can go to for help. Teachers are available Monday through Friday for one-on-one personalized tutoring in person, over the phone, or video chat.

When Can I Enroll?

Classes start DAILY; enroll when you're ready!

Can I Complete My Classes Early?

Of course! Students take 2 classes at a time and have 7 weeks to finish them. If you finish a class before the 7 weeks are up, we will move you along into your next class the SAME DAY; this gives you the freedom to get ahead or catch up!

How Much Time Should I Spend On My Classes Each Week?

High School Students are required to work at least 25 hours a week in their classes, and Junior High Students are required to work at least 30 hours per week.

How To Be Successful

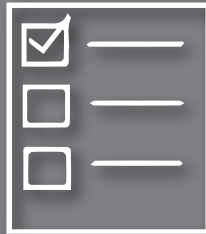

Attendance

- 25 hours per week for High School
- 30 hours per week for Junior High

Progress

- Students have 7 weeks to finish 2 classes.
- If you work 2%-3% in each class every day, then you'll finish on time!
