We Partner With Families

Parents know their children best. We value family input and work collaboratively with parents throughout evaluations, planning meetings, progress reviews, and support decisions.

Families are an important part of the educational team. At the same time, as a public school, we are responsible for ensuring students participate in an approved curriculum, make academic progress, and meet graduation requirements. Our team works collaboratively with families to support those shared goals.

Mrs. Liles
SCHOOL PSYCHOLOGIST

"I want every student and their family to feel heard and valued and then ultimately for them to find success in both school and life.

Ms. Burklow
ESS SPEECH AND LANGUAGE THERAPIST

"Great educators don't eliminate every challenge. They eliminate the unnecessary barriers that stand between students and learning.

Experienced, Compliant, Student-Centered Support

We are committed to meeting state and federal requirements while keeping student needs at the center of every decision. We honor parent rights, confidentiality protections, and individualized planning for every eligible student.

"...people will forget what you said, people will forget what you did, but people will never forget how you made them feel." - *Maya Angelou*
